CONFIGURATOR

To configure your spec sheet online, go to www.spilighting.com/SIP12430. Not all options are available in all configurations; consult factory for details.

Required Field *

A - LIGHT SOURCE *

To ensure color consistency, SPI uses precise bin selection and strict quality processes to maintain a 3-step (MacAdam) SDCM on all white LED lampings. Published LED luminaire wattages are calculated using a typical power supply efficiency of 88%; exact wattages may vary based on application. Alternative wattages available upon request. Paint color selected is for the fixture endcaps and canopy.
